Mystical sign gives Macedonians broaden insights about their past -

Geoglyphs are works of art created in the earth's soil by organized stacking of stones, earth or other material.

The origin of these drawings visible from the sky is still unknown to most scholars of our time. World famous Nazca Lines are a series of geometric shapes, kilometers of lines and large drawings of animal and human figures and shapes made on the desert floor in Nazca in Peru.

In Chile there are remnants of the Inca culture, also represented through forms on earth and only just visible from the sky. Series of such drawings are not only in South America,

but in Australia, UK, USA, which is clearly visible on this [map](#) . According to previous research, which today forms the science calls geoglifi were created by ancient civilizations in order to show respect for their gods, or of replicating well known "As Above, So Below" The same way of copying the image of "Heavenly Paradise" is evident in Egypt, where the Sphinx and Pyramids are placed just in order reflected a perfect mirror of celestial movements of certain constellations and positions, not just the stars but the sun and moon .

Macedonia is in the list of world's oldest civilizations. Geoglyph about the size of a football field is located in Ovche Pole, near Sveti Nikole. Clearly visible from a helicopter, airplane, and - on [Google Maps](#)

Part of the local population is aware of the existence of this place more than 15 years, and no doubt that for this was conscious and former Yugoslav Army. These days, scientists, adventurers, explorers from around the Balkans come surprisingly in Sveti Nikole, taking into account the many (over)natural phenomena in the environment. The position of this geoglyph is in a exact direction north - south and located above the village Crnilishte.

Coincidentally, the symbol painted on the ground which is not cultivated for centuries is the same with some words from the middle text of Rosetta Stone, deciphered by professors Bosevski Tome and Aristotle Tentov. Their work clearly shows that the letter and the language of our ancestors is the root not only of Macedonian, but through out to the Glagolitic and all Slavic languages. According transcription, read from north to south, the picture visible from the sky corresponds to the Supreme Deity of ancient Macedonians, God DZE (one who sees All, Supreme, Ruler, Prophet, The Sacred Eye, The Great Eye) and his tribute to the Great Mother The Great Mother of the whole world - MACEDONIA

The analogy of the symbol reflected the country with the supreme deity of the ancient people of the region awakened interest among many people in Macedonia.

Being interested in this place, calculate another [interesting parallel](#) - north of there is a megalithic observatory Kokino and south Alshar mine with Iorandite. Through communication with researchers in this field, understood, and [the similarity](#) in the constellation Cassiopeia and its movement by Northern Star.

the place where it's located is named KANDA

Paeonian God of War was KANDAON
