

Noah's Ark-Global Sanctuaries starts at Eltham Primary School

Wednesday 20 May 2009

Students, teachers and community at Eltham Primary School will pilot the Noah's Ark-Global Sanctuary preservation program.

In conjunction with Bumblebee Factory and Global Shipment, the school will work with zoo-keepers and associated organisations, in converting the shipping container into an educational facility for donation to an Indian Tiger Conservation Park.

Eltham Primary School's contribution will demonstrate and promote international involvement in preserving animal sanctuaries around the world. Visitors to the park will have the opportunity to learn of the collaborative efforts involving the international community - in this case, Eltham Primary School.

The container will be at Collingwood Children's Farm from the 26th June 2009 until the end of September and is likely to be visited by thousands of children from schools in Metropolitan Melbourne.
