The celebration at Christmas - life

Christmas is the holiday of peace, love and forgiveness. The Christian world believes that on this day Jesus was born, the son of God. For Christians, Christmas is the most significant holiday, when the hope of a new life is born and a new feat. Along with Easter, Christmas is the most sublime date in the Christian world.

Christmas is a family holiday and involves the gathering of all family members. Priests say that, although it is basically a relic of the old belief whose aim was to protect the family, today when family values are in crisis, it reminds us of the importance of these values .

According to some research, the birth of Christ was celebrated in the early fourth century AD, but is was first considered celebrated in Rome in the year 354. (M.D.T)
